## Teaching Resume

### Objectives

It is my goal not only to improve the musicianship and artistic prowess of my students through excellent vocal instruction, but to also improve their sense of confidence and self-growth as they accomplish musical and singing-related tasks. My teaching is based on a firm grasp of the fundamentals of singing both from the perspective of an instructor and demonstrator. I believe that teachers must first be master musicians themselves to improve the quality of music education throughout the United States.

### Experience

#### ***Private Voice Instructor***

Heidelberg, Germany; Provo/Orem, Utah; Tallahassee, Florida; Los Angeles, California

1996-Present

**Responsibilities:** Teach the basics of singing to students of all ages and levels in a private and group setting. Also handle all of the business affairs such as marketing, studio management, billing, technology, etc.

#### ***Teaching Assistant, University of Southern California***
